

# SUMMER CURBSIDE RESOURCE FAIR!

## Event Re-cap!

Community-based organizations partnered with the Renton Innovation Zone Partnership (RIZP) and hosted a Summer Curbside Resource Fair on Saturday, July 11th 2020. The event consisted of a drive-thru summer celebration that included resources, personal protection kits, giveaways, fresh food items and much more. In respect to social distancing the event was held in the parking lot of the Renton Memorial Stadium, and consisted of vendor tables that were each set up with different drive up & go style resources for families and students who reside in the Skyway/West-Hill and Renton Highlands neighborhoods. As a community-collaboration, take a look into what contributed into the successful event!
