

SUMMERS IN SKYWAY

2022 DAY CAMP PROGRAM

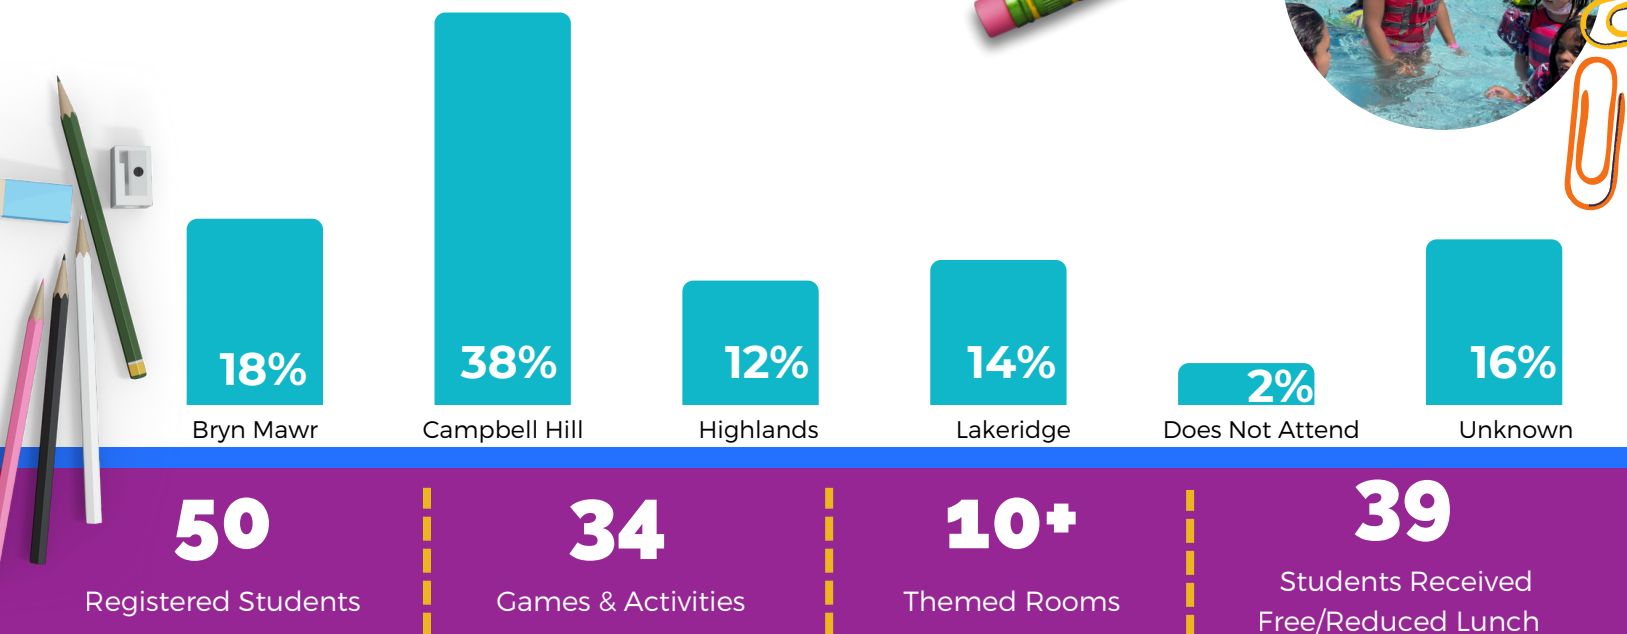

RECAP REPORT

Summers in Skyway Day Camp is a free summer program for families and students who reside in Renton and in the Skyway/West Hill neighborhoods. This immersive day camp serves to curb summer learning regression while encouraging positive, healthy social, and emotional development for students.

The students that attended Summers in Skyway Day Camp attend the following elementary schools in the Renton School District: Campbell Hill, Bryn Mawr, Lakeridge, and Highlands. While at camp, students rotated between themed rooms hosted by community-based organizations that introduced STEM, Visual Arts, Performing Arts, Videography, and more.

Each day, students were provided with a fun, healthy, safe, and engaging program that supported their social, emotional and academic growth. As a community-collaboration, take a look into what contributed to our successful Summers in Skyway Day Camp!
